

## Voice message Access Denied

Go to [Brandmeister Selfcare](#)

**Make sure Hotspot Security is turned OFF**

The image shows a configuration interface with two rows. The first row is labeled 'AirSecurity / TOTP' and has a red toggle switch set to 'Off'. The second row is labeled 'Hotspot Security' and also has a red toggle switch set to 'Off'.

**Click Save**

**Now** - Please configure a personalized security password for your hotspots !
